

# Cashmaster One Range

COUNT SMARTER. WORK  
FASTER. EVERY DAY.

## Why Cashmaster One?

Cashmaster One delivers fast, accurate, and reliable cash counting for businesses of every size.

Engineered to reduce errors, speed up reconciliations, and simplify every count, it's the perfect balance of performance and portability.

## Key Benefits

### Save Time Every Day

Count by weight up to six times faster than manual counting.

### Simplify Audits

Generate printed or digital reports with Cashmaster Printer One or Cashmaster Connect.

## Designed for Everyday Performance

With a bright color touchscreen, intuitive smartphone-style interface, and integrated printer options, Cashmaster One makes cash handling faster and more intuitive.

Count **bills and coins** up to **six times faster** than manual methods, generate a complete audit trail, and keep operations running smoothly from open to close.

## Suitable for

- ✓ Retail
- ✓ Grocery
- ✓ Banking
- ✓ Hospitality & QSR

### Ensure Accuracy

Reduce loss and counting errors with precise, verified results.

### Control and Standardize Process

Customizable start banks, user IDs, and data capture for non-cash items.

Cashmaster **one** <sup>pro</sup>  
The **one** you can count on <sup>plus</sup> <sup>max</sup>

# Engineered for Accuracy

Built for precision, speed, and simplicity, Cashmaster One gives you complete confidence in every count.

## Choose Your Model

### Cashmaster One Pro
